PROFILE SUMMARY

Results-driven Developer with a strong foundation in both Frontend and Backend technologies. Expert at crafting responsive user interfaces and robust server-side architectures. Dedicated to clean code, performance optimization, and delivering seamless user experiences across the full web stack.

PROFESSIONAL PATH

- Backend Developer

New Horizon, Inc.

JULY 2025 – FEBRUARY 2026

 - Mastered C# and ASP.NET Core MVC framework to build scalable server-side applications.
 - Designed and optimized complex MySQL database schemas for high-performance data retrieval.
 - Architected and implemented multiple full-stack projects focusing on MVC design patterns.
 - Integrated secure authentication and authorization protocols for enterprise-level applications.
 - Collaborated on API design and documentation to ensure seamless frontend-backend integration.
- Frontend Web Developer

New Horizon, Inc.

OCTOBER 2024 – MARCH 2025

 - Developed and maintained responsive web interfaces using modern frontend technologies.
 - Translated design requirements into clean, functional, and accessible UI components.
 - Collaborated with team members to improve website usability, performance, and SEO readiness.
 - Tested and optimized pages for cross-browser compatibility and mobile responsiveness.
 - Contributed to iterative improvements based on user feedback and project requirements.
